DESIGNED TO RESIST THE TEST OF TIME!

Metal Sartigan designs four superior quality steel profiles that exceed the most stringent construction requirements. These aesthetic, durable and sturdy designs fit perfectly into all your construction projects.

The perfect solution for all your construction projects:

- \ Industrial
- \ Commercial
- \ Institutional
- \ Agricultural
- \ Residential

EXCEPTIONALLY DURABLE, STURDY AND RIGID

High-grade industrial quality steel

AFFORDABLE

Our steel siding is cut to size, you pay only for what you need

FAST PRODUCTION

Our quick turnaround lets you start your project sooner

VERSATILE AND EASY TO INSTALL

Easily installed on walls as well as horizontally, vertically and diagonally roof*

* Except the Ancestral profile which can only be used on the roof or vertically

WEATHER RESISTANT

Coated with a weather and corrosion resistant siliconized polyester paint

NON-COMBUSTIBLE

Increased fire resistance

GUARANTEE

Our steel profiles are covered by a 40-year limited warranty

ECO FRIENDLY

100% recyclable

CANADIAN-MADE

All our profiles are made from 100% Canadian steel in our Saint-Georges, Quebec plant

DELIVERED

Delivery available using our service vehicle equipped with a safety lifting system.

PRE-PAINT GALVANIZED STEEL \ SPECIFICATIONS

Our durable siliconized polyester topcoat is available in a wide range of colours

Superior performance flexible primer

A high-performance chemical pre-treatment provides corrosion resistance and superior, long-lasting paint adherence

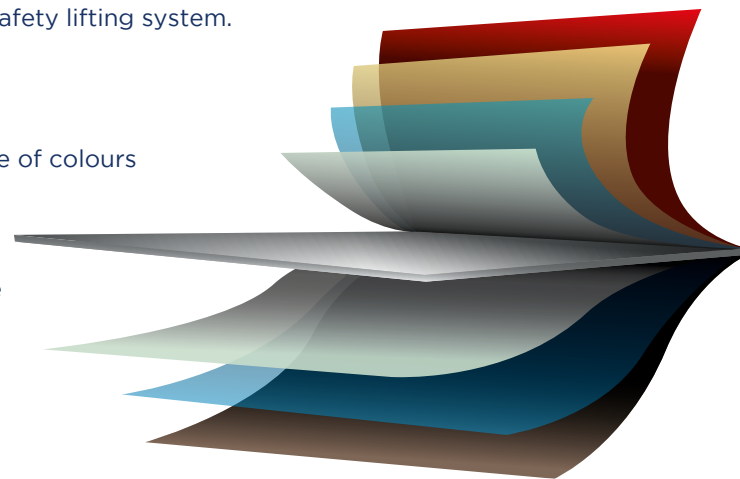

Aluminum and zinc alloy siding

Steel core

Our corrosion-resistant protective layer reduces damage caused by friction.
